construct the rest. It is proposed to call an election in the valley for the voting of \$400,000 in bonds to pay for the first fifty miles of road work. The county, according to the plan as tentatively discussed, would be asked to appropriate one-third of the amount for its share of the work in 1918 and a third in each of the succeeding years. The county would not be asked to assist at the beginning, members of the county organization explained to the county, because of the present condition of the county finances.

The local organizations that had representatives in the party taken over the valley are the Merchants and Manufacturers' Association, the Los Angeles Chamber of Commerce, the Los Angeles Realty Board, the Automobile Club of Southern California and the Municipal League. Supervisors Dodge and McChesney also accompanied the party.

Midland Counties Corporation Gives Preliminary Order.

A preliminary order authorizing the Midland Counties Public Service Corporation to construct natural gas transmission and distribution lines to serve the towns of Fresno and Arvin was issued Saturday by the State Railroad Commission.

The company is also permitted to serve consumers along its transmission line from Oilport to San Luis Obispo, subject to the stipulation that it be entered into between the Midland Counties Public Service Corporation and the Santa Maria Gas and Power Company. The Santa Maria company, at first opposed the granting of the application, but later, after the Midland company had agreed to continue its operation in certain territory, withdrew its objection.

The San Joaquin Light and Power Corporation is authorized to construct a two-mile four-inch transmission line connecting its electric plant at Bettisville to the electric line of the Midland Counties Public Service Corporation. The San Joaquin company proposes to use natural gas as fuel to generate electrical energy.

Mexican Laborer is Alleged to Have Tried to Kill Wife.

Juan Zapalana, a Mexican laborer, appeared at his wife's home, No. 113 South Johnston street, early yesterday morning, and after saying her out of bed and throwing her with death, fired a bullet through a door at her, it is alleged, and ran away.

The man's appearance in the neighborhood, and the subsequent shooting, excited the people, and a station that a woman had been ordered was sent to the East Side Police Station. According to Officer McManey, who investigated, the man has frequently threatened to kill his wife.

## DEMOCRACY THE ISSUE.

Britain Stakes Her All on It.

Democracy will Come Out of the War in Triumph, He Says.

(BY A. P. NIGHT WIRE.)

OTTAWA (Ont.), May 28.—Archie Balfour, British Minister of Foreign Affairs, in an address today before two houses of the Canadian parliament, declared that the British had "staked its last dollar on democracy," and that if democracy failed, England and her allies would be "bankrupt."

Mr. Balfour added, however, that his democracy would not be a democracy without the world.

He said the democracies of the world and the new will come out of the struggle not merely as victors in the military sense, but as the only path to the great future of the world.

"It is not belief," he continued, "that something more unexpected to the world would ever occur than a democratic self-sacrifice with the great self-governing British Empire, and that the great cause of the world is at stake."

## VILLA'S BAND NEAR BORDER.

Extra Precautions Taken to Protect American Settlements.

(BY A. P. NIGHT WIRE.)

EL PASO (Tex.), May 28.—Government agents received information tonight of a report that Francisco Villa and 200 of his followers were at La Mula Pass, thirty-five miles south of the border, at Presidio, Tex. A report was received at Olinda, opposite Presidio, that a band of Villa troops had reached the pass headed toward the American border. Extra precautions were being taken to protect some small border settlements from attack.

speculators about the British Empire, before the war began, said to themselves that this loosely-constructed state resembled nothing that ever existed in history before.

It was held together by no cohesive power, that the mother country could not raise a corporate guard in Canada, Australia, New Zealand, or wherever you will; that she could not raise a shilling by taxation.

She had no power except the power which a certain class of politicians never remembers—the moral power of affection, sentiment, common aims and common ideals. Even those of us who believed the new experiment of the British Empire was going to succeed felt it was difficult; that so vast an empire, so loosely knit, should be animated by one soul, or that the indirect thrill of common necessity should go from end to end.

No greater miracle ever has happened in the history of civilization than the way in which co-ordinated British democracies worked together with a uniform spirit of self-sacrifice in the cause in which they believed not merely their own individual security but the safety of the empire and the progress of civilization and liberty itself were at stake.

Friday, June 8—Women's liberty loan day.

Saturday, June 9—Children's liberty loan day.

William H. Taft, president of the League to Enforce Peace, issued a statement saying:

"The obligation to subscribe rests especially upon the members of the League to Enforce Peace."

Treasury officials also made public tonight an appeal by Samuel Gompers to all members of the American Federation of Labor, requesting them to aid the government in making the loan a success.

"Liberty bonds are a safe investment, and it is a patriotic duty to subscribe for them," said Mr. Gompers. He added that he would like to see every member of the federation subscribe for as large an amount of the bonds as his means would permit, and he gave his appling credit to the plan to make Wednesday, June 6, Liberty Loan Labor Day, to be devoted to a united effort by organized labor on behalf of the loan.

IN SAN FRANCISCO.

(BY A. P. NIGHT WIRE.)

SAN FRANCISCO, May 28.—Local subscriptions toward the \$2,000,000 goal set in allocating the liberty loan today reached the \$15,000,000 mark. The largest single subscription of the day was that of the Crocker National Bank, which subscribed for \$2,000,000 of the bonds, and the largest taken by an individual was that of a woman in the city who subscribed for \$100,000. In addition to these two record subscriptions, many local banks and business houses placed their orders for an aggregate of nearly \$5,000,000.

Gov. A. K. E. of the Federal Reserve bank here, sent all banks in the Twelfth District an official circular which clearly recites that money subscribed to the bonds will not go out of circulation, but will be used by the government in the purchase of supplies and in the payment of necessary forces in training.

## ECONOMIC RUIN OR PEACE SEEMS RUSSIA'S CHOICE.

Industrial Crisis Throughout New-born Republic so Acute, According to Minister of Finance, that Only Miracle Can Save Country from Disaster—Exorbitant Demands of Workmen Closing Factories.

(BY ATLANTIC CABLE AND A. P.)

PETROGRAD, May 28. (via London)—May 28, 1:05 a. m.—The industrial crisis in Russia is so acute that, according to a recent utterance of the Minister of Finance, Shingareff, only a miracle can save the country from economic ruin. The demands of the workmen were so enormous, he declared, that it seemed impossible to keep the industrial wheels going for any great length of time.

The Socialist ministers, at a recent ministerial council, said that the only possibility they saw of settling the difficulties was to bring the war to a close.

Neither the Coalition Cabinet nor the new Soviet government could regulate the difficulties between capital and labor has yet found a way to settle the industrial crisis. The commission is composed of the Ministers of Finance, Trade and Industry and Labor, but since there is a wide divergence of views between the Minister of Finance and the new Socialist Minister of Labor, it seems probable that this commission will be confronted with the same difficulties that attended previous attempts at reconciliation.

An investigation of factory conditions in Petrograd leads to the alarming but inevitable conclusion that unless the government soon finds a means of adjusting the present difficulties of production, the enterprise working for national defense will be compelled to close within a few months.

STATE DEFENSE  
GUARD REALITY.Stephens also Signs Cattle  
Protection Measure.Physical Education in the

California Law.

(BY A. P. DAY WEEK.)

SACRAMENTO, May 28.—Bills providing for a State defense guard as an emergency war measure, for a cattle protection board and for compulsory physical education in the schools were among the sixty-seven measures made law today by the signature of Gov. Stephens. The defense-guard law creates a guard of 1000 members to serve under the direction of the Governor and Adjutant-General. One million dollars is provided to pay the expenses of the organization. It was pointed out at the Governor's office that there is no present intention of carrying out the provisions of the measure, which is purely for future emergency, should such a defense organization be needed.

County government bills made up most of the list signed today. The measure by Senator Luce, providing for physical education in all schools, includes provisions creating the office of State supervisor of physical education and requiring that each pupil shall be given at least twenty minutes' physical education each day or two hours per week. The supervisor of education is to be appointed by the State Board of Education and will receive \$1000 per year for arranging courses of physical education and overseeing the work.

Another new law creates the position of jury commissioner in counties where superior courts may deem the office necessary. The commissioner will assist in selection of jurors and will receive not more than \$1500 per year.

The cattle protection board provided in a measure by Senator Luce is to protect breeders and owners of cattle from theft, provide registration of cattle brands and inspection of cattle hides for brands and marks. A law dividing the State into districts under the Fish and Game Commission also was signed.

## The Aluminum Six with Magnetic Gear Shift

### Don't Be a Business Slacker

Right now the man who allows fear to paralyze the hand he writes checks with is just as dangerous to his country as the deliberate crank who throws a bomb

The Premier Motor Corporation believes that the business slacker here at home is our one real enemy—far more of an enemy than the Kaiser, because the Kaiser can not get at us.

If you cannot thrust a bayonet, you can at least drive your business harder than you have ever driven it before and thus help create the imperative prosperity with which alone this war can be won.

It betrays weak-mindedness to think of diving headlong into a period of panic, penance, abject fear and hysterical economy.

The man who sneaks down and buys a marriage-license life preserver is not the worst breed of slacker. Conscription will take care of him. But for the business slacker there is no law but his own conscience.

The man who destroys business takes the bread out of the mouths of thousands.

No matter what comes—

Don't be a Business Slacker.

\*\*\*\*\*

Right now is an almighty good time to take the bull by the horns and look him square in the eye.

America is at war. It is a big war—a very big war. It may be a long war. And when we try to imagine what may happen no one can blame us for looking serious.

But there is absolutely no reason for being scared, or, in a business way, even apprehensive.

We cannot avoid the firing line—we can avoid the bread line.

War is Transient—the United States is Permanent

The demands on us will be great—but our resources are inexhaustible. The United States today has practically all the real money in the world. But money is just like a man—if it is inactive it is useless. While we are talking about making our factories and our farms produce—let's not forget to

keep our money producing. We will encounter serious problems, but American ingenuity and inventive genius is equal to any emergency.

We are going to win this fight because we are on the side of right—and when we come out of it we are Going to Be a Real Honest-to-God Nation.

Meanwhile, what about business?

The real barometer of America's business are the smokestacks to her factories—her dinner pails—and the mouths of her one hundred millions.

America is Going Full Speed Ahead—  
Don't Let Anybody Talk You Out of That

Even if America desired hard times, the world would refuse her the wish. We have been conscripted as the world's kitchen, the world's ship-yard, the world's bank—The World's General Business Manager—Carte Blanche.

America is bound to be prosperous. That's her part in the war. Some one must keep wealthy enough to meet this war's pay roll. That's our job. As a result, the great mass of men, women and children in this country can no more avoid getting money out of this present emergency than a lily in the rain can avoid getting wet.

Get these facts through your head, for they are the only true facts on which you can base your business plans.

America Has Taken What Amounts to a Seven Billion Dollar Order

And, mind you, this is only the first of many such orders. Seven Thousand Million Dollars worth of shoes, canned goods, harness, motor trucks, automobiles, ships, blankets, clothes, guns, munitions, and what-not must be manufactured and delivered. Who gets this seven billion?

If you are a merchant, every customer on your books will get a piece of it. If you are a manufacturer or mechanic, you yourself will get your part of it.

There is going to be no non-productive labor or capital in this country. Everybody must produce—which means that everybody must be on somebody's pay roll.

For at least three years America can not avoid being the most prosperous nation the world ever saw.

America's Wealth is About to be Redistributed and Put in the Hands of Our People.

—not in the hands of the hoarding few.

When our people get money they have the courage to spend it.

So look out for big business—Tremendous and Inevitable Big Business—and get ready to take care of it when it comes.

We assure you that the Premier Motor Corporation, for one, proposes to keep right on building and selling and creating its share of the wealth with which this war must be fought, and we have reason to believe that the whole motor car industry feels exactly the same way about it.

The biggest week Premier ever had was last week—our biggest day so far was last Friday.

—and it looks now as if we had only started—proving that honest merit still wins. Premier, with its unheard-of advantages and its unquestioned quality, constitutes real economy at \$2150, Los Angeles.

If you have thought of buying a car this year, go ahead and buy it.

\*\*\*\*\*

Meanwhile, remember that the man who allows fear to paralyze the hand he writes checks with is as dangerous to his country as the deliberate crank who throws a bomb.

## MOONEY JURY ALMOST READY

Nine Men Sworn in and Two are Accepted.

No Objection to Silent Trial of Laborites.

Judge Fines Veniremen Who Fail to Appear.

San Francisco, May 28.—The jury for the trial of James H. Mooney, charged with the bombing of the U. S. Senate, was sworn in today.

One of the temporary jurors, Paul Foster, is a labor man, and the prosecution used up its peremptory challenges on J. Downer, who left the employ of railroad company after the trial was announced at adjournment today.

Superior Judge Emmet Bennett presiding, and Asst. Dist. Atty. Louis Ferrar, prosecuting for the state, both declared today that they would have no objections to a "silent jury" of labor men to be selected by the Central Labor Council of Oakland, attending the trial.

The state federation of labor has turned over \$2500 to the fund, Robert Minor of New York, secretary-treasurer of the International Workers Order of America, announced today.

Fines of 110 each were assessed against eight veniremen, who failed to appear today by Judge Bennett.

Frank C. Oxman, star witness against Thomas J. Mooney, and co-defendant, was again held today by Judge Bennett.

Police Judge Matthew Brady today gave to a charge of perjury in connection with Mooney's trial, Oxman, who had been freed himself of a charge of perjury by a jury by habeas corpus writ.

SALESMEN IN STATE.—PORTLAND (Or.) May 28.—The body of United States Senator James H. McAdoo, who died in the hospital at Portland, Ore., today, was taken to the city hall today, Oregon National Guardsmen stood guard at the entrance, while hundreds of people gathered to see the body.

Funeral will be tomorrow afternoon.

SUPREMACY OF LAW THEME FOR HUGHES

Long Beach (N. Y.) May 28.—Charles E. Hughes, speaking at the national conference on international relations of the United States today, asserted that if "the world is to be made safe for democracy, it must be a world in which the nations recognize and maintain the supremacy of law."

Mr. Hughes said he had been considering the means for developing international law and for the interpretation and application of rules of law.

"But," he added, "the purpose behind the function of law is to provide safeguards against the recurrence of war. This is the national instrumentality of nations which can deal with questions which are not justifiable in character and make recommendations in the interests of peaceful settlement."

"The function of such a committee would not be to decide, but to advise."

Mr. Hughes declared that the United States undoubtedly would support the establishment of real international justice. He expressed the belief that it would be wise to establish in any conceivable arrangement that this country would abandon the Monroe Doctrine.

"It is too much to expect," he said, "that our essential interests should be accomplished by the nations and may we not conceive of the working out of plans for the international organization in the future that this acceptance will continue to peace while facilitating our co-operation in its maintenance?"

BRAZIL IS NEAR NEUTRALITY BREAK

Rio Janeiro, May 28.—The Brazilian Chamber today passed a measure revoking Brazil's neutrality in the war between Germany and the United States. The vote was 125 to 2.

TO AUTHORIZE BRAZIL

The measure under consideration by the Brazilian Chamber is drafted by the Committee on Foreign Relations. It recommends the revocation of the decree of May 28, 1917, which declared the neutrality of Brazil in the war between Germany and the United States.

Under this bill President Vargas is authorized to take the steps to make the measure effective.

HONOR AMERICAN NURSES

LONDON, May 28.—Among the latest list of persons decorated by the government is Miss E. Z. Sherry, an American nursing service.

## MILLIONS FOR SHIPPING.

Merchant Fleet to be of Wood and Steel.

And Board Agree on Construction.

Promises no Delay for Need of Money.

Washington, May 28.—Differences between Chairman Denham of Shipping Board and Maj. Gen. Harbo over construction of the merchant fleet have been settled today, it was stated today.

Reference arose over whether ships should be of wood or steel.

Present plans probably 199 ships will be of wood and 100 of steel.

Goethals, back from New York Friday night in a speech, characterized the plan to build wooden ships as hopeless, announcing today that the fleet corporation had let contracts for 34 more ships and for six steel barges.

He said authoritatively that Goethals will be given a free hand in the shipbuilding program and there will be no interference on the board.

Shipbuilding is put entirely in his hands, he said, and will exercise its other powers as prescribed in the law.

Operation of the fleet, he said, will be in the hands of the board.

Chairman Denham has disclaimed responsibility for the statement that the board could build 199 wooden ships in six months. That, he said, was made by one of the engineers who proposed the shipbuilding program.

The board did not care to build wooden ships, he said, and Goethals has accepted program by the United States Steel corporation and the Lackawanna Iron Company to turn out 199 ships in six months.

He said the board had authorized the raising of \$10,000,000 to build 199 ships in six months, and that the board had not been held up for want of money and was going to a statement attributed to Gen. Goethals in his New York speech that no attempt had been made to build 199 ships in six months.

He said the board had authorized the raising of \$10,000,000 to build 199 ships in six months, and that the board had not been held up for want of money and was going to a statement attributed to Gen. Goethals in his New York speech that no attempt had been made to build 199 ships in six months.

## MEXICAN LABORERS FOR SPECIAL TASKS.

Washington, May 28.—Mexican laborers admitted to the United States under relaxed immigration regulations to remedy the labor shortage in border states will be rested and deported if they engage in any kind of work than that specified. Secretary Wilson announced today. A rule suspending operation of the literacy test or the contract labor law for the war applies to foreigners seeking agricultural work.

Aliens applying for temporary admission under this condition must furnish two photographs and identification cards will be issued. They are not required to pay the usual head tax.

## JEANNETTE RANKIN WINS FIRST FIGHT.

MONTANA WOMAN MAKES HER MAIDEN SPEECH.

Succeeds in Amending by Unanimous Vote Food Bill to Provide that in Making Survey Services of Women Shall be Used in so Far as Practicable.

Washington, May 28.—Representative Rankin of Montana made her maiden speech on the floor of the House today, and incidentally won her initial fight. She succeeded in amending, by a unanimous vote in the committee of the whole, the food bill so as to provide that in making the proposed food survey the services of women shall be used in so far as practicable.

It was agreed that there should be no direct taxation on jewelry, motion-picture films, chewing gum and self-played musical instruments.

For the House gross manufacture sales tax of 5 per cent the committee determined to substitute stamp taxes on the following:

Mechanical musical instruments, including talking machine records, athletic goods, perfumes, cosmetics and patent medicines.

For the House 5 per cent tax on rackets and other pleasure boats a new tax based upon tonnage or length was considered. A new tax upon confectionery was proposed by Senator Williams of Mississippi and favorably received.

Taxes on admissions to amusement and other places and club dues were considered but no decision was reached. They probably will be retained. It was officially stated, in amended form.

Although the committee previously decided to strike out the House increase on second-class mail matter under a zone system, it respected the question of increased revenue from newspapers and magazines today by receiving the new proposal of Senator Harwick backed by the Postoffice Department.

Senator Harwick's amendment provides that the cent a pound second-class rate shall be retained on news matter of second-class publications, but proposed a graduated tax upon the parts of such publications devoted to advertising. It told the committee that with this method \$20,000 of additional revenue this year could be raised. For the first year he proposed a tax of 5 per cent, upon advertising in second-class publications of 8 cents a pound, beginning July 1, 1918, and of 5 cents a pound thereafter.

The tax would be computed upon a space and weight basis, the advertising space being measured and the tax levied upon the percentage of the publication's weight devoted to advertisements. It is expected that the new proposal will be as vigorously opposed by publishers as the House zone system which the Senate committee eliminated after hearing testimony that it would ruin many publications.

If adopted it would be in addition to the direct advertising tax of 5 per cent, tentatively approved by the committee.

The committee decision to strike out the House gross sales tax on jewelry, motion-picture films and chewing gum was said to be based on the general principle of eliminating split taxes on businesses and industries during this present crisis and also it was argued, too, will be reached by the excess profits, corporation and amusement taxes.

The stamp tax proposed on perfumes, cosmetics and patent medicines, it was said, probably would be distributed in actual operation between manufacturers, distributors and the consumer. A floor or stock space plan of levying the stamp tax on distributors is being worked out by treasury experts.

The general tariff increase of 10 per cent of the House bill will be considered by the committee tomorrow.

WASHINGTON, May 28.—Official and social Washington braved a driving rainstorm today to welcome the Prince of Udine and other members of the Italian war mission at the American Building. President Wilson and other high officials were present to the mission by Secretary Lansing.

During the day the Prince accepted an invitation to visit New York City and it became known that the mission is contemplating a trip to Southern and Central Western cities.

The first formal conference of the Italian visitors with American officials began today with discussion of the shipping situation. Italy virtually has pooled her shipping with the other Allies and is understood to feel that the general committee had limited her tonnage to the danger point. One of the seized German ships has been put into the Italian service by the American government and it is possible that others will be later.

REGULARS RECRUITED NOW AGGREGATE 85,276.

WASHINGTON, May 28.—A total of 85,276 new men have been recruited for the regular army up to the last night, Saturday brought in 1138 men.

Enlistments in the naval reserve forces since the regular army up to about 25,000, or almost half the size of the regular navy a year ago. This includes the fleet reserve, the naval auxiliary, volunteer coast defense and flying corps reserves, and women included for special duty. Boston, New York, Philadelphia and Norfolk, to the order named, have led in enlistments.

## SENATE REVISES WAR-TAX BILL.

Exempts Many Articles Levied on by the House.

Manufacturers' Gross Sales for Stamp Imposit.

Plan New Taxes upon Second-class Mail Matter.

WASHINGTON, May 28.—Making rapid progress in revising the House war-tax bill, the Senate Finance Committee today decided to exempt from taxation many articles levied upon by the House to substitute stamp taxes for the manufacturers' gross sales plan of the House and to consider new taxes upon second class mail matter. The latter were advocated by Senator Harwick and postoffice department heads and would be based upon the advertising space in publications.

It was agreed that there should be no direct taxation on jewelry, motion-picture films, chewing gum and self-played musical instruments.

For the House gross manufacture sales tax of 5 per cent the committee determined to substitute stamp taxes on the following:

Mechanical musical instruments, including talking machine records, athletic goods, perfumes, cosmetics and patent medicines.

For the House 5 per cent tax on rackets and other pleasure boats a new tax based upon tonnage or length was considered. A new tax upon confectionery was proposed by Senator Williams of Mississippi and favorably received.

Taxes on admissions to amusement and other places and club dues were considered but no decision was reached. They probably will be retained. It was officially stated, in amended form.

Although the committee previously decided to strike out the House increase on second-class mail matter under a zone system, it respected the question of increased revenue from newspapers and magazines today by receiving the new proposal of Senator Harwick backed by the Postoffice Department.

Senator Harwick's amendment provides that the cent a pound second-class rate shall be retained on news matter of second-class publications, but proposed a graduated tax upon the parts of such publications devoted to advertising. It told the committee that with this method \$20,000 of additional revenue this year could be raised. For the first year he proposed a tax of 5 per cent, upon advertising in second-class publications of 8 cents a pound, beginning July 1, 1918, and of 5 cents a pound thereafter.

The tax would be computed upon a space and weight basis, the advertising space being measured and the tax levied upon the percentage of the publication's weight devoted to advertisements. It is expected that the new proposal will be as vigorously opposed by publishers as the House zone system which the Senate committee eliminated after hearing testimony that it would ruin many publications.

If adopted it would be in addition to the direct advertising tax of 5 per cent, tentatively approved by the committee.

The committee decision to strike out the House gross sales tax on jewelry, motion-picture films and chewing gum was said to be based on the general principle of eliminating split taxes on businesses and industries during this present crisis and also it was argued, too, will be reached by the excess profits, corporation and amusement taxes.

The stamp tax proposed on perfumes, cosmetics and patent medicines, it was said, probably would be distributed in actual operation between manufacturers, distributors and the consumer. A floor or stock space plan of levying the stamp tax on distributors is being worked out by treasury experts.

The general tariff increase of 10 per cent of the House bill will be considered by the committee tomorrow.

## NO SUBSTITUTES FOR OFFICERS.

WASHINGTON, May 28.—The War Department announced today that vacancies in the officers' training camps, resulting from the withdrawal of candidates for commission or from any other reason, will not be filled.

A considerable number at each of the thirteen camps have dropped out because they proved unsuited to military life, and there has been a rush of applicants to fill the gaps. The department holds, however, that the first two weeks of the training course are essential, and will delay the entrance of all applicants until the second series of camps to be started when the first series has completed its work.

Applicants for the negro officers' training camp at Fort Des Moines were examined today in all the military departments. Officials do not doubt that more than the 1000 civilians who can be admitted have enrolled.

WASHINGTON, May 28.—A statement by A. Filene of Boston, a director of the Chamber of Commerce of the United States, condemning arguments against war economy, was given tonight in the government's information committee.

"Business has but one job today," said Mr. Filene, "and that is to do the thing that will bring victory at the earliest possible moment. And business cannot serve two masters."

"England went about 'business as usual' at the beginning of the war, after two years and half of loss of blood and treasure and tragic want of supplies she has learned her lesson. If business is not redirected to the production and sale of essentials by the voluntary and gradual economy of the people it will have to be done later by drastic and probable disturbing methods of government control."

WASHINGTON, May 28.—The second lot of 150 student aviators for the army went into training today at the six colleges which are aiding the government in building up the aviation corps.

The plan is to turn out 150 aviation reserve corps officers each week after the first class finishes its course, the number at the school being kept at 600.

The War Department issued a statement today saying that men are still needed for this work.

WASHINGTON, May 28.—Panama has proposed that the United States advance \$10,000,000 for immediate construction of strategic roads and railways as a step in proper defense of the Panama Canal Zone in this world war.

The sum would, in effect, be an advance on account of the \$100,000 a year which the United States is to pay to Panama in perpetuity under the canal treaty.

How to Judge a Woman By Her Hair

There is real common sense in just noticing whether the hair is well kept to judge of a woman's neatness, or good taste. If you are one of the few who try to make the most of your hair, remember that it is not advisable to wash the hair with any cleanser made for all purposes, but always use some good preparation made especially for shampooing. You can enjoy the very best by getting some caustic from your druggist, dissolve a teaspoonful in a cup of hot water. This makes a full cup of shampoo liquid, enough so it is easy to apply it to all the hair instead of just the top of the head. Dandruff, excess oil, and dirt are dissolved and entirely disappear. Your hair will be so soft that it will look much heavier than it is. Its luster and softness will also delight you, while the stimulated scalp gains the health which insures hair growth.

## FOOD SURVEY BILL PASSED

Nearly Fifteen Millions for the Investigation.

Senate may Adopt Similar Measure Tomorrow.

Agriculture Department Estimate Resources.

(BY A. P. NIGHT WIRE.)

WASHINGTON, May 28.—The Senate today passed the food survey bill, which provides for an immediate investigation of the country's food resources and for measures to stimulate production. A similar bill is under consideration in the House, and may be passed there Wednesday.

The Agriculture Department estimates that the investigation will cost \$15,000,000. The bill provides for the appointment of a committee of experts to conduct the survey. The committee will be composed of representatives of the various departments of the government, and will be headed by the Secretary of Agriculture.

The survey will be conducted in three phases. The first phase will be a general survey of the country's food resources. The second phase will be a detailed survey of the production of the various food crops. The third phase will be a survey of the distribution of the food crops.

The bill also provides for the appointment of a committee of experts to study the problem of food conservation. This committee will be composed of representatives of the various departments of the government, and will be headed by the Secretary of Agriculture.

The bill is expected to be passed by the House tomorrow. It is expected that the House will pass a similar bill, which will provide for a similar investigation of the country's food resources.

## GRASSHOPPER PLAGUE MENACE TO CROPS

(BY A. P. NIGHT WIRE.)

BERKELEY, May 28.—The University of California and the Department of Agriculture of the United States are co-operating to control the plague of grasshoppers that is threatening the crops of the northern end of the Sacramento Valley, according to a statement by the university authorities today.

Prof. C. V. Walker, director of the university's entomology department, said that the grasshoppers were first seen in the Sacramento Valley in the spring of 1916. They were then found in the Sacramento Valley in the spring of 1917. The grasshoppers are now found in the Sacramento Valley in the spring of 1918.

The grasshoppers are a pest of the crops of the Sacramento Valley. They are found in the Sacramento Valley in the spring of 1918. They are found in the Sacramento Valley in the spring of 1918. They are found in the Sacramento Valley in the spring of 1918.

## KANSAS OIL DEAL CLOSING

(BY A. P. NIGHT WIRE.)

OKLAHOMA CITY, (Kia.) May 28.—The closing of an oil deal involving \$100,000 in cash and the transfer of certain oil rights has been completed. It was announced today by the purchase by the Oklahoma Company of 51 per cent of the production of the Oklahoma oil field.

### BENNY LEONARD IS NEW LIGHTWEIGHT CHAMPION.

How Freddie Welsh so Many Times in the Ninth Round that the Fight has to be Stopped—Welsh Doesn't Wake up Until the Celebration is All Over, and Wants to Fight Some More.

(BY A. P. NIGHT WIRE.)

NEW YORK, May 28.—Benny Leonard won the world's lightweight championship by knocking out Freddie Welsh in the tenth round of a ten-round match here tonight.

Welsh's downfall came at the end of a series of rushes by Leonard that drove him from corner to corner. The champion delivered a severe beating during the early rounds and the punishment had begun to tell when the going for the ninth round ended.

Leonard, fresh as the moment he had entered the ring, moved forward and met the champion as he was leaving his corner and delivered a shower of lefts and rights to the face and body of the champion.

DOWN GOES FREDDIE.

Welsh, vainly trying to ward off the blows, worked his way toward the ropes. Leonard succeeded in reaching Welsh with a smashing right to the jaw. Welsh fell on one knee and the ropes.

His strength gone, he strove weakly to strike a fighting pose. He left the ropes Leonard landed and Welsh hit the floor. He tried to rise but he was met by Leonard's right to the face and head and again he fell to the floor.

The champion took the count of nine before he arose from the knockdown. He tried to stand, but he fell across the ropes.

REFeree STOPS IT.

It was only a question of moments when he would have been counted out. At this point, Referee McFarland stepped between the two men and, pushing Leonard away, carried the defeated champion to his corner.

A score of men occupying ringside seats jumped into the ring, lifting the new champion to their shoulders, carried him in triumph procession around the hall.

While the crowd was cheering itself hoarse, Welsh sat in his corner. When he had recovered somewhat and was helped by his handlers of his defeat he refused to believe them and fought fiercely to return to the center of the ring.

ALL LEONARD.

It was Leonard's fight throughout. He took the offensive in the first round and held it until the end. There never was a time when he was in danger, and although the champion fought bravely and succeeded in landing many blows, they appeared to have little effect. Welsh seemed to have lost his judgment of his own strength.

From the first gong Leonard tore into the champion with ruthlessness. He rained lefts and rights to the face and head of Welsh, disconcerted by his opponent's tactics, seemed to be at the round ended.

BODY WALLOW.

In all of the succeeding rounds, Leonard concentrated his blows on Welsh's body and succeeded in whipping his right repeatedly to the champion's stomach. It was this blow, persistent, that wore the champion down.

Leonard weighed in at 133 pounds; Welsh at 136½.

Freddie Welsh won the world's lightweight championship by retaining the referee's decision after outboxing Willie Ritchie, the champion titleholder, in a twenty-round bout in London, July 7, 1916. Previous to tonight's contest, Leonard and Welsh met in a no-decision ten-round bouts.

Leonard was born in New York City in 1896. His recent defeat of Ritchie Mitchell in Milwaukee caused him to be regarded as a contender for the world's title.

WILL ENLIST.

Leonard, the new world's champion lightweight, will not fight for conscription, but will enlist in the United States army in a six-round bout in Philadelphia, next Monday night, his manager, Billy Gibson, announced after the fight.

Leonard was the first to land, sending two rights to the body and hooked two lefts to the face. Welsh was knocked down by the first right, but he came out of a mist up with a smile, although his production of sweat was evident. It was another Leonard round.

Leonard shot three lefts to the face and hooked two rights to the chin, at the same time blocking the lead. Leonard played the body, never giving Welsh a chance to get set. It looked like Welsh, but he came out of a mist up with a smile, although his production of sweat was evident. It was another Leonard round.

Leonard again forced matters, shoving two rights to the body and hooking two lefts to the face. Leonard hooked a right to the jaw and they met it in the center of the ring when they were knocked down by the first right, but he came out of a mist up with a smile, although his production of sweat was evident. It was another Leonard round.

Leonard jabbed four lefts to the face and brought the gloves down to the body, which made Welsh mad and he started to knock Welsh down by the first right, but he came out of a mist up with a smile, although his production of sweat was evident. It was another Leonard round.

Welsh came up apparently refreshed and jabbed two lefts to the face, but Leonard answered with a dozen lefts and rights to the body. Welsh's left eye was nearly closed, but he seemed to absorb all the blows in Leonard's round.

Leonard tried to get over a haymaker to Welsh's jaw, but Welsh was too clever. Leonard changed his style and started to knock Welsh down by the first right, but he came out of a mist up with a smile, although his production of sweat was evident. It was another Leonard round.

Leonard sent a left to the face and three times he put the body to the body and tried for the jaw with a left, but Welsh was too clever. Leonard changed his style and started to knock Welsh down by the first right, but he came out of a mist up with a smile, although his production of sweat was evident. It was another Leonard round.

Welsh worked Leonard into a corner and hooked a left to the face. Leonard moved out and cuffed Welsh with a hard right to the head. Welsh was strong, however, and came back near the end of the round with a couple of lefts to the mouth, but Leonard walloped him with the body and head with lightning blows. Leonard's round.

Welsh missed with two straight lefts to the face, but he was too clever. Leonard changed his style and started to knock Welsh down by the first right, but he came out of a mist up with a smile, although his production of sweat was evident. It was another Leonard round.

Benny Leonard,  
The new lightweight champion.

BRISK ORPHEUM BILL.  
QUICK-STEP SENNETT COMEDY AT WOODLEY.

By Grace Kingsley.  
An interesting state of affairs appears to exist in regard to the business relations of Clara Kimball Young and the Sennett Picture Corporation.

Miss Young's representative wrote T. L. Tally not long ago, from New York, stating that Miss Young had left Sennett and would produce her own pictures.

Soon thereafter came a telegram from Sennett's company alleging that Miss Young was tied up by contract to that organization until 1921.

From this latter statement it would appear Miss Young is not free to produce on her own account.

It is asserted Miss Young's dissatisfaction arose because of some alleged breach of contract on Sennett's part by which the actress did not receive certain bonuses or percentages she alleged were due her under the contract, and it is probably on this she bases her right to break her contract. In any case, Mr. Tally assures his public the Clara Kimball Young picture will be shown in his house, whoever produces them.

Orpheum.  
I'll guarantee your watch will be safely neglected at the Orpheum this week.

Firstly, as an antidote to the numerous soggy picture dramas in vogue, the Orpheum presents a pleasant man to please. Miss Young suggests a dose of Rose Coghlan's merry sketch, "Our Little Bride." This young woman, seeking a husband to obviate the necessity for marrying a very rich, very handsome man, is the champion long-distance, high-speed dancer of the world's history.

Ben Hur, the story of a young man within fifteen minutes. The Orpheum presents a pleasant man to please. Miss Young suggests a dose of Rose Coghlan's merry sketch, "Our Little Bride." BRISK ORPHEUM BILL.

QUICK-STEP SENNETT COMEDY AT WOODLEY.

By Grace Kingsley.

An interesting state of affairs appears to exist in regard to the business relations of Clara Kimball Young and the Sennett Picture Corporation.

Miss Young's representative wrote T. L. Tally not long ago, from New York, stating that Miss Young had left Sennett and would produce her own pictures.

Soon thereafter came a telegram from Sennett's company alleging that Miss Young was tied up by contract to that organization until 1921.

From this latter statement it would appear Miss Young is not free to produce on her own account.

It is asserted Miss Young's dissatisfaction arose because of some alleged breach of contract on Sennett's part by which the actress did not receive certain bonuses or percentages she alleged were due her under the contract, and it is probably on this she bases her right to break her contract. In any case, Mr. Tally assures his public the Clara Kimball Young picture will be shown in his house, whoever produces them.

# Legs Cut Off AT THE KNEES.

They Were Wooden, However, and Surgeon Loses Major Operation.

Responding to a call for medical aid late last night, the police ambulance hastened to No. 353 East Fourth street, "scene of a serious accident."

Lawrence Williams, a decorator, of No. 3168, East Fourth street, was found in a cramped heap beneath his motorcycle.

"A very bad case," said Chief Constable Withers.

The man's legs were cut off at the knees. Word was flashed to the Receiving Hospital and Police Surgeon Stadfield ordered the major operating room ready. When Williams was addressed the surgeon chuckled.

"This is not a case for the Receiving Hospital," said he. "I recommend a planing mill for this man."

The two crushed legs were wooden.

project, as the aqueduct is a fact that every citizen of Los Angeles should be proud of. The city's water supply is a fact that every citizen of Los Angeles should be proud of.

In conclusion, I know of no good reason why the Federated Improvement Association should change its recommendation of "wholesaling the power to the power companies at a price that will give the power companies a fair profit without advancing the price to the consumer or vote bonds to parallel their distributing power."

The present contract with the California Edison Company should be immediately abrogated as it is a contract that will give the power companies a fair profit without advancing the price to the consumer or vote bonds to parallel their distributing power.

TO HONOR DEAD.  
Spanish War Veterans Will Conduct Memorial Exercises.

Under the auspices of the municipal council, United Spanish War Veterans, memorial exercises will be conducted at Rosedale next Sunday morning.

The assembly will sound at 9 o'clock, and a battalion, with the right resting on the cemetery gate, will be formed by representatives of Roosevelt, Admiral Glass and Chaplain Clark, and the veterans.

Comrade Dr. D. E. Foster, as marshal and preceded by the police band, the battalion will march to the United Spanish War Veterans' burial place, where the Ladies' Auxiliary representatives will have formed at the entrance of the cemetery.

Dr. Foster will have charge of the exercises, which will include an invocation by Chaplain Charles E. Vail, singing by children of the Washington street school, an oration by Comrade James M. Sheridan, decoration of the graves, firing of a salute, sounding of taps, singing of "The Star Spangled Banner" and a benediction.

Funeral services will be held at 2 o'clock tomorrow afternoon at the W. C. Draper parlors for Mrs. Anna Mich, mother of the late Herman Mich, of this city, and Ruth Jeanette, Joseph L. and Leo Mich of Pasadena. Mrs. Mich, wife of William Mich, died Sunday at her home, No. 419 Summit avenue, after a sickness of two months from a complication of pneumonia.

Rabbi Werne is to officiate at the funeral, which will be held at 2 o'clock tomorrow afternoon at the Beth Israel cemetery.

COOK AND OUTMAN PROVE UP AS A duo of refined entertainers in song and story, "Nash and Company," are new to vaudeville, but this line of entertainment is a specialty of theirs.

"A Having Nut" is most appropriately applied to Jack Drennon, an entertainer who knows how to go after an audience and "get 'em." Completing the programme the Erford sensation, one of the newest, and most startling novelties in many seasons.

Harriet-Pathe news and other photographs are in evidence and prove topical and interesting.

# GENERAL REVIEWS.

Pantages.  
A "suspense" (as Billy McDermott would say) of the Pantages offering this week, is almost too good to be true.

Joe Dooley starts out in the first spot and gets the house warmed up in no time at all. A bit of dance with Sister Ethel, some fancy cycling, and then some rope-awing with "harem" obligate proves him some avenger for a youngster.

La Estrillita and Pagan interpret the Spanish art of Terpsichore as shrewdly and sensuously as we like to see it done. La Estrillita is the flashing-eyed senorita of magazine fiction in the flesh.

George Reed and Helen Hudson appear in a smartly-dressed act of the "Broadway review" type (which is merely the song-and-dance in a swell setting). The girl has those "Oh, Oh, Daphne!" eyes.

Harry Boyd and Billy McDermott are both nuts, but not from the same tree. Harry is the "Oh-you-know-it" type, a fellow who is a "dancer, while Billy is the tramp who keeps drummers awake nights in-doing his own home to accompany him with.

All the froth needed to top this well-meaning act is provided by "The Unseen Girl," a treasury-store musical show, while the last installment of the "Secret Kingdom" (the villain sprang on the floor, and Arline Pretty clasped close in King Richman's arms) has lots of romantic love.

Burbank.  
It's been a long time since Margaret Barnham smiled at us from "neath the Burbank proscenium, and while we can't have her in three-dimensional drama, the next best is to have "our Madge" on the two-dimensional screen.

In "The Mirror" she is a soft, contented little wife of a lawyer, a contented artist. Her husband's "mirror" portrait of her fascinates a "wine-woman-and-sing" theatrical producer so much that he seeks her acquaintance and offers to star her.

Then we see how pretty puss, enticed away from the fireside by the prospect of silken cushions and rich cream, turned a lusty, loving, Sphinx-eyed cat, by the bright lights and hectic gaiety of the city.

The story ends in a way that will surprise you.

The vaudeville this week includes a variety of acts, including a trio of aerial gymnasts, and Lee Drennon in their "bally-hoo" circus offering.

Hippodrome.  
If you are in need of a real tonic to bolster you and give "old man" a knockout, a ramble over to the Hippodrome this week will not hit the spot. There are eight big vaudeville acts on the programme, all running a close finish for first honors. Lockhart and Laddie offer "A Day's Adventure at Suicide," consisting of some amusing and humorous acrobatic stunts. Isobel, a violinist, proves both dainty and accomplished in her musical performance.

Morales Peto is a collection of clever, and versatile trick done which provides a distinct animal nature. A pair of real comedians, who are Bailey and Thomas, who, with simple fun and comedy caps, uncover a world of healthy fun and laughter.

FOR DRAFT DAY

Mounted Rangers Carry War  
to Up-country Homes.

Aliens Must Register, Though  
Don't Have to Serve.

Russian Religionists File  
Protest Against It.

Aliens who register June 1 are not subject to draft into the army, was the ruling made yesterday by City Clerk Wilder, who is in charge of registration here. Owing to the decreasing number of Mexicans on the ranches in the Southland, the Chamber of Commerce made an exhaustive investigation, which resulted in the discovery that the fear of having to serve in the army was driving the Mexicans from the country.

The ruling of the City Clerk was given to the chamber late yesterday, and will be published in all Spanish papers along the border.

In order to make more emphatic the announcement, and to set all aliens right on the conscription law, the chamber telegraphed Washington for an authoritative statement from the government.

The fact that aliens must register June 1 has been extensively advertised, but, as definite statement ever has been made that they are not liable to draft.

Superior Charlton of the Angeles National Reserve started marshaling his rangers yesterday for draft-day service at various points in the big woods, Tuesday, June 1.

The forest service is co-operating even now with the State Bureau of Registration by carrying information into the remote mountain regions. Rangers and guards mobilized for the annual fire season are using the forest service telephone systems to call up the mountaineers, and are riding the trails from house to house, notifying the settlers that all males between the ages of 21 and 31 years must register.

The importance of this work can only be realized by those who know that many families in the more remote mountain regions often go for weeks without getting their mail or seeing a visitor.

WHERE TO REGISTER.  
Superior Charlton has made the following assignment of rangers and clerks to take the registration in the ten mountain districts comprising the Angeles Reserve:

Llano Station, L. H. Dorr; Linda Vista, W. D. Marx, at West Piedmont avenue and Arroyo Seco; Duarte, No. 1, A. J. Mueller, at Duarte and No. 1, W. J. Zachary, at Duarte school; Sunland, W. F. Bates, at Sunland ranger station; Newhall, H. V. Lackey, at Newhall postoffice; La Canada, Thomas W. Sloan, at La Canada postoffice; Azusa, C. H. Fritz, at Camp Rilea resort; Mt. Lowe, John D. Maxwell, Alpine Tavern, and Glendora, N. C. Franklin, at Glendora ranger station.

Some trouble is anticipated in San Bernardino county, where the area is as large as some of the small Eastern States, and it will be necessary for some men to make the trip, say from Needles to San Bernardino, the day of the registration.

GENERAL OBSERVANCE.  
Official notice was taken yesterday of the muster day in the United States by Assistant Federal District Attorney Palmer and Federal Judge Tippet.

Mr. Palmer, addressing the court, stated that, under the orders of the government, Tuesday, June 5, will be devoted to writing a roll of honor in the United States, and he thought that, as a token of the regard felt by the courts and officers for the great historical event, it would be the proper thing to not have any session of the court at that day.

Judge Tippet replied that Governor Stephens had ordered a holiday on that date, but, outside of that fact, it was not proper that due honor should be paid to the occasion. He then stated that there would be no session on that day.

All businesses will be suspended draft day at the Federal Building, Hall of Records, except in the Registrar of Voters' office, and in all city departments, except in the City Clerk's office, it being election day, pursuant to the proclamation of the Governor declaring the day a holiday. Mayor Woodman expects to issue his proclamation today declaring the day a holiday. The school board last night ordered the schools closed on that day. Arrangements probably will be made, however, to have someone stationed in the City Attorney's office to answer questions regarding draft and election law.

RUSSIANS PROTEST.  
Members of the Russian Spiritual Christian Church in this city, in an affidavit filed in the County Recorder's office yesterday, went on record as opposed to being drafted into the army or the navy. The declaration was the result of a meeting of the church members at the home of Ivan O. Samarin, No. 123 South Utah street, last Thursday.

Known as Russian Sectarians, Spiritual Christians and more familiarly as "Jumpers," the members state they are natives of Transcaucasia who, owing to Russian persecution, great difficulties and loss of property, left their native country exclusively on account of their religious convictions, which forbid them to bear arms or serve in the army.

They state it would be a great violation of their conscience and religious convictions to take up military life. They desire to stay and farm, although they admit, owing to lack of funds, they could not buy farming implements and stay in the city. The affidavit is signed by Ivan O. Samarin, Radiwon T. Kulikov, Nicholas T. Ogoloff and Vasiley A. Volosoff.

Higher Quotations at Outset of Day's Trading in Wall Street Meets with Extensive Profit-taking and Renewed Opposition from the Shorts—United States Steel Sets Pace and Shippings Sustain List in the Final Hour.

(BY A. P. NIGHT WIRE.)  
NEW YORK, May 28.—Higher quotations at the outset of today's active and diversified dealings met with extensive profit-taking and renewed opposition from the shorts. In consequence few if any of the more important gains in industrial and specialties were retained, some of these issues finishing at moderate net losses. United States Steel set the pace, both on the rise and the decline, advancing to the new record of 132, from which it reacted to 131 1/2, and closed at 131 1/4, a loss of 1 1/2 points. Equal reversals were registered by most equipments, munitions and less distinctive issues. Much of the underlying strength was furnished by rails. Southern Pacific made an especially good showing, gaining almost \$1,000,000 in net. Shipping also helped to sustain the list in the final hour, when the average level was lowest of the session. Machines rose briskly with Atlantic, Gulf and West India, and Pacific Mail and United Fruit also held strong. Metals were under pressure most of the time, Utah making an abrupt decline of 3 points, others of that class falling 1 to 2. Central Leather, American Woolen, motors and oils ranked among the backward features, with People's Gas. Total sales, 1,350,000 shares. Bonds were uneven on light offerings, foreign issues showing no definite trend. Total sales, on value, \$2,300,000. United States bonds were unchanged on call.

GRAIN. BIG CORN PROSPECT BRINGS PRICE DOWN.

(BY A. P. NIGHT WIRE.)  
CHICAGO, May 28.—A prospect of a record-breaking big corn yield this season had much to do with sharp declines in prices of corn and wheat. The prospect was based on a report from the United States Department of Agriculture, which stated that the crop was expected to be 1.5 billion bushels, a gain of 200 million bushels over the same period of 1916.
